Advantages: peaceful nights with the convenience of the bars and restaurants still being close by	Disadvantages:
--	----------------

General comments:

The Blue Park Hotel is located in the Armutalan area of Marmaris and therefore benefits from being close to a wide selection of restaurants, bars, cafes and souvenir shops. The main seafront in Marmaris is approximately 2km away, but can easily be reached by jumping on one of the regular dolmus services which run along the main road approximately 50 metres from the hotel.
