**PRIVATE YACHT CHARTERS**

(Exclusive Tailor-Made Gulet Tours)

Dear Guests,

Thanks to you and your continued support, Barbaros Yachting has enjoyed another successful season. We would like to thank you for your repeat custom and recommendations to family and friends and take this opportunity to express our sincere gratitude for the part you have played.

Due to your great support, we continue to make investments. We have bought two more luxury gulets over 30 meters; one to be used in Private Charters and the other in Cabin Charters.

As always, you have the option to charter the whole boat for yourselves and to tailor-make a route exclusively for your friends and family. We offer boats to suit various group sizes and budgets. In 2013 we have opened ourselves to Ultra Luxury class of Private Charters.

Though, we do know that sometimes it is very difficult to gather friends or family to charter a Private gulet due to various reasons. In that case Cabin Charters will be the best solution for you.

We will continue to sail cabin charters in which you have shown great interest, including those added to the programme for the first time in 2012 by providing the name of the boat for Cabin Charters. This year you will have 8 different choices to choose from; either standard, standard plus or luxury class. Of course we have not neglected to include your favourite routes of Dodecanese Islands & Cyclades Islands.

Keep in touch with us to see some surprises as in including the Mediterranean Sea routes apart from our classical Turkish Coast and Greek Islands itineraries.

Blue Cruise will be an inerasable experience at the gulets of Barbaros Yachting, with their professional crew and the captains who are masters of the sea.

Whatever your 'Blue Cruise' dream, let us realise it!

Yours sincerely,

Barbaros GUNES  
President - CEO

### RHODES

Rhodes is the largest of the Dodecanese Islands. The island is quite a popular holiday destination as it has one of the best-preserved and the largest European Medieval cities and has warm weather for 300 days of the year. Rhodes has been the cradle of many civilizations; starting with the knights of St. John in the Middle Ages, then Ottomans and Italians. Thus, the island has a unique historical harmony and beauty. The main port of Rhodes is Rhodes City which bears the same name as the island. The other very touristic areas of Rhodes island are; Lindos and Kamiros. This city, which is still surrounded by a 12 meter thick city-wall which gives you the feeling of travelling back to Medieval times especially when you walk around its narrow, stone-paved roads. After dinner, we highly recommend you to enjoy in Rhodes Town night out.

### SANTORINI

Santorini is today what remained after an enormous volcanic explosion which occurred some 3600 years ago at the height of the Minoan civilization destroying the earliest settlements on what was formerly a single island and leading to the creation of the current geological Caldera. Its spectacular physical beauty, along with a dynamic nightlife, has made the island one of Europe's tourist hotspots. A giant central lagoon surrounded by high steep cliffs on three sides. The capital Fira, as well as Imerovigli and Oia –a must see- cling to the top of the cliff looking down on the lagoon.

### SYMI

Symi is a mountainous Greek Island once known for shipbuilding and sponge industries to the point that the population reached 22500. Today Symi's main industry is the tourism and the population has declined to 2500. Its interior is dotted with small valleys and its coastline alternates between rocky cliffs, beaches and isolated coves. Its main town located in the Northeast coast, is also named Symi and consists of the lower town around the harbor, typically referred to as "Yialos" and the upper town called "Hora". Panormitis is the island's famous monastery which is visited by people from all over the world, and many Greeks pay homage to St. Michael of Panormitis each year.

## PRIVATE YACHT CHARTERS

(Exclusive Tailor - Made Gulet Tours)

If you have a family or a group of friends who wish to travel together, why not consider a tailor-made private charter? You will have the yacht exclusively to yourselves! And we are offering a highly personal service and traditional cuisine served on board.

### Our Yachts

We can provide gulets to accommodate groups from 2 cabins to 16 cabins which means our largest gulet can accommodate up to 36 guests. Each gulet has a mix of twin and double-bedded cabins. Each cabin has its own separate lavatory, shower and wash basin.

All our boats are wooden motor/sailor yachts which range from 15-45 meters in length. They are constructed in a traditional design and known in Turkish as gulets.

We have divided our yachts into four qualities; Ultra Luxury Gulets, Luxury Gulets, Standard Plus Gulets (with A/C) and Standard Gulets (without A/C).

Our yachts offer a high standard of safety and comply with local government and international regulations. These regulations are monitored thoroughly by the coastguard and harbor masters.

### Life on Board

On our exclusive tailor-made tours your yacht will anchor in 2 or 3 bays daily depending on your chosen itinerary and there will be a maximum of 4 hours cruising per day. The last stop will be the place where we will stay for the night. We will usually use the motor to power the gulet. However, from time to time if the wind/ weather conditions permit, your crew will be happy to use the sails as well.

All of our gulets are equipped with a dingy, which is fitted with an outboard engine. For our customers' use there is fishing and snorkeling equipment. Some of our gulets also have windsurf, canoe, water sports equipment and jet ski. Water sports and jet-skiing is at an extra cost and can be paid for on board. There are also ample opportunities to sample different water sports such as jet-skiing, water-skiing, ringo and banana boat riding. These are also available at an extra cost and are organized by specialist water sports groups at the different bays visited.

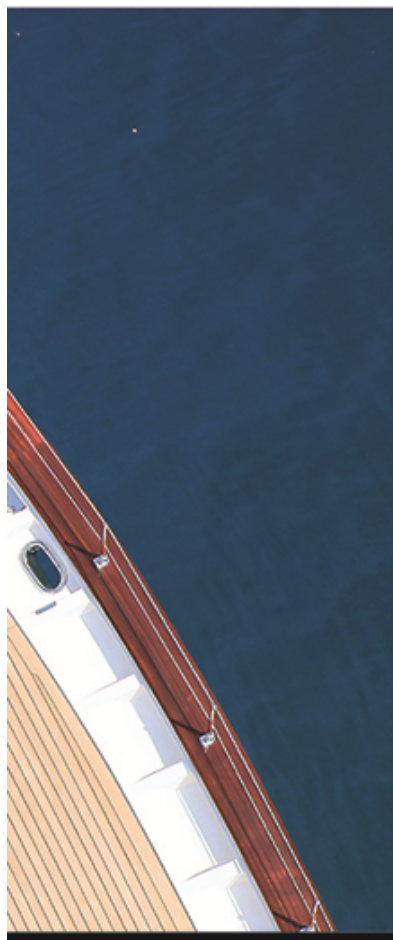

Once the gulet is moored you will have free time to visit any archaeological ruins, take a little walk in to the pine forests and generally explore the beautiful coastline. Reading your book and having a siesta under the shade with a breeze may be another option. Of course, sea-lovers can enjoy swimming, snorkeling and sunbathing. We can also organize private land excursions upon your request to the nearby local towns, ancient sites and natural attractions.

### Food & Drinks on Board

The meals during the cruise are prepared on board and are of a high standard. We may also recommend some local fish restaurants on your route for you to sample on a few occasions if you would like to.

Menus will be decided before the trip according to your requests and preferences. We find our guests mainly prefer a traditional Turkish breakfast which consists of jams, honey, butter and fresh bread, a selection of cheeses, green olives, black olives, eggs, tomato and cucumber.

This is served with strong Turkish tea, coffee, juice or milk. The chefs on board may prepare a surprise for our guests every morning such as scrambled egg with traditional Turkish sucuk (spicy sausage) or a selection of traditional Turkish pastries. Lunch is usually a light meal, which most of our guests prefer in the heat of the day. One main course, which is most delicious, is a Turkish vegetable meal (sometimes stuffed with meat) accompanied by salads, pasta, rice or chips and followed by fruit. Afternoon tea time consists of tea, coffee, kinds of cookies and sometimes pastries.

At dinner the main course is fish or meat accompanied by kinds of Turkish and Greek mezes (starters) followed by desserts and fruit.

If you have any special requests (religious preferences - health oriented) these can be organized if notice is given beforehand.

Full Board supplement for a luxury menu is € 25,- and a deluxe menu is € 35,- per person per day.

The Deluxe menu is rich in sea food and consists of four servings a week of fresh local fish, calamari, octopus and shrimp. The Luxury Menu has three servings of fresh local fish and other sea food.

All inclusive supplement for unlimited local alcoholic drinks, beverages and bottled water is € 25,- per person per day.

Child discount for food and drinks will be applied as free for 0-5 years and 6-12 years is 50% of the adult fare.

There is always the possibility of buying and storing your food supply yourself and our staff will be more than happy to set you guidelines for all you would need for a week's holiday.

The beverages are available at the bar on board of every yacht at a reasonable price; however you may also stock your own beverages before your departure.

In either case the services will be provided by the crew and this service is included in the price.
